

Media information

Amey is one of the UK's leading support service partners, specialising in the outsourcing of sustainable business solutions. Amey works in partnership with customers across the aviation, central government, defence, education, local government, rail and strategic highways sectors.

Amey is part of Ferrovial, one of Europe's largest infrastructure and services groups, which brings with it the strength and additional capabilities of a world-leading organisation.

Amey has been listed amongst the 'Top 100 Companies that Count' in Business in the Community's (BITC) Corporate Responsibility Index since 2005.

If you are a member of the media you can contact the Amey press office for interviews, images and to be added to our press release list.
